

Call for Papers

I-st International Conference

METHODS AND SYSTEMS OF NAVIGATION AND MOTION CONTROL (MSNMC-2010)

<http://iee.nau.edu.ua/index-11.html>

October 13-16, 2010

Kiev, Ukraine

**Organized by the National Aviation University and
IEEE Ukraine Section Joint SP/AES Chapter (Kiev)**

in collaboration with

International Research and Educational Center of Information Technologies and Systems of National Academy of Science and Ministry of Education and Science of Ukraine (Kiev), National Technical University of Ukraine “KPI” (Kiev), National Aerospace University named after N. Zhukovsky “KhAI” (Kharkov, Ukraine), Central Research Institute of Navigation and Control of Ministry of Industrial Policy of Ukraine, Branch of Cybernetic Problems of Transport & Aerospace Systems of Transport Academy of Ukraine, International Organization “Academy of Navigation and Motion Control” (St.Petersburg, Russia), Kherson National Technical University (Ukraine), Kirovograd National Technical University (Ukraine).

Language

Conference languages are Ukrainian, Russian, and English. Simultaneous translation is provided in case of necessity. Language of publications is only English

Objectives and grounds

The Conference is planned to be a forum of ideas exchange and results discussion in the field of methods, algorithms and means of navigation and motion control systems computer-aided design, methods and algorithms of adaptive, robust and optimal motion control systems synthesis, methods and algorithms of estimation, identification and simulation of the navigation and motion control systems.

Suggested topics

- Advanced methods of the computer-aided design (CAD) of avionics equipment
- Navigation systems and sensors CAD
- Ground navigation equipment CAD
- On-board computer network systems CAD
- Aircraft control systems CAD
- Advanced methods of robust control systems synthesis
- Aircraft control systems with elements of artificial intellect
- Hard and soft computing in flight control and navigation systems
- Adaptive and optimal control systems
- Methods of the navigation and flight control synthesis for UAV
- Synthesis of navigation and flight control systems for terrestrial and marine vehicles
- Methods of state estimation and identification of the moving vehicles (aerial, terrestrial and marine)
- Methods of Hardware-in-Loop-Simulation (HILS) of the navigation and motion control systems for all kinds of moving vehicles
- Aviation trainers and simulators
- Aviation instruments and sensors design, testing and calibration
- Methods and systems for navigation and flight control equipment testing.

Program

The scientific program of IEEE MSNMC-2010 consists of invited lectures and contributed oral presentations. Poster session will be organized, if the number of accepted papers exceeds capacity of rented rooms.

Important Dates

Abstract Submission Date: July 23, 2010

Notification of Acceptance: August 20, 2010

Final Paper Submission Date: September 15, 2010

Publications

All contributions presented in oral and poster sessions will be published in the Conference Proceedings and CD. The Proceedings will be prepared directly from the papers supplied by authors, therefore careful preparation in accordance with the instructions is required. Detail information is contained on the Conference home page <http://ieee.nau.edu.ua/index-11.html>. Because of planned IEEE Xplore publication, all the authors are requested to fill in the IEEE Copyright form and submit it together with the paper.

Rules for abstract and paper preparation

A complete manuscript in English describing a new work in the areas of Conference Topics should be prepared in both .pdf and .doc formats and submitted following the detailed instructions presented at the conference web page: <http://ieee.nau.edu.ua/index-11.html> by July 23, 2010.

Full text of the abstract should occupy not more than four (but not less than one) A4 full pages including figures, tables, and references. However, all contributors are encouraged to make the first submission prepared so close to the future full paper as possible. All papers included into the Conference Proceedings will be later made available to the public through the IEEE Xplore web page. The authors who wish to restrict the publication of the full paper may prepare a two-page summary to be available through the IEEE Xplore.

Contacts

For further information about MSNMC-2010 Conference please visit our web page at <http://ieee.nau.edu.ua/index-11.html> or contact us by E-mail to Olga Sushchenko sushoa@ukr.net

General Chair of MSNMC-2010 Conference

Professor Victor Sineglazov,
IEEE Senior Member, svm@nau.edu.ua

Co-Chair

Professor Felix Yanovsky,
IEEE Fellow, felix.yanovsky@ieee.org

TPC Chair

Professor Anatol Tunik,
IEEE Senior Member, aatunik@mail.ru
