Because of planned IEEE Xplore publication, all the authors are requested to fill in the IEEE Copyright form and submit it together with the paper. Papers that were not presented during the Conference by authors will not be included to IEEE Xplore DL.

Rules for abstract and paper preparation

A complete manuscript in English describing a new work in the areas of Conference Topics should be prepared in both .pdf and .doc formats and submitted following the detailed instructions presented at the conference web page: <http://iee.nau.edu.ua/msnmc-2018/index.html> by June 17, 2017.

Full text of a paper should occupy four A4 full pages including figures, tables, and references. All contributors are encouraged to make the first submission prepared so close to the future final paper as possible. All papers included into the Conference Proceedings and presented at the Conference will be later made available to the public through the IEEE Xplore web page.
